Our visual identity system includes the Better Homes and Gardens® Real Estate Waterfront Collection logo (our signature) and core elements, such as primary and secondary color palettes, typography, photography, and imagery. The consistent application of this system establishes our brand with all audiences and helps strengthen our trademark claims.

The minimum size should be 1.2785" wide

Do not remove any elements from the signature.

Do not alter the proportions of the elements that compose the signature.

Do not separate the elements of the signature.

Do not place the signature on distracting backgrounds.

Do not use the signature in any colors other than those outlined on page 6.

Using Our Pattern

A Better Homes and Gardens® Real Estate Waterfront Collection pattern has been created as a visual accent for collateral pieces. It is used throughout the brand as both a graphic accent and a background.

Never attempt to build the pattern on your own. Should you need the pattern, please contact the Better Homes and Gardens Real Estate marketing department for an art file.

Typography

If you're working on content for desktop or internal applications in Microsoft Office, or if you are working with live content that needs to format easily across variable networks, please refrain from using marketing fonts, and use Arial or Times New Roman instead.

The Avenir LT Std font is a versatile, sans serif typeface that should be used on all print marketing collateral and direct mail. Solid, uncomplicated, and highly legible, it is best for subheadlines and body content.

Do not condense, compress, or modify any typeface.
